

A great deal more to Kenya

Here’s a great introduction to the wonders of Kenya’s wildlife.

This 2-night safari to Tsavo East and Tsavo West is fabulous for those who wish to ‘dip their toe’ into a Kenya safari, but have limited holiday time. If you have ever wondered what it would be like to spot wildlife in its natural environment and then sit around an open fire under a starry African sky retelling the events of the day, and listening to the distant sounds of wildlife, well look no further, this safari and beach holiday is just for you.
