

Great Value to Elegant Luxury – Tanzania has it all!

Tanzania is a vast country of amazing contrasts. It is impossible to see everything the country has to offer in one visit. To assist you in choosing a safari by road or air covering the northern circuit of Tanzania we have highlighted their unique features.

All of our safaris, whether by air or road, visit Tanzania's wildlife showpiece – Ngorongoro Crater with its breathtaking views and abundant wildlife, and the world-renowned Serengeti with its numerous plains game and home to the wildebeest migration between November and June each year.

The **Serena Serengeti Safari** visits Lake Manyara National Park, one of Tanzania's smallest, yet prettiest, national parks. The alkaline lake is often visited by thousands of pink flamingos, also the park is home to the famous tree-climbing lions.

The **Tanzania Royal Safari** also visits Lake Manyara National Park, but includes stays at &Beyond properties, some of the most luxurious and exclusive lodges in Africa. The lodges and camps are situated in wonderful locations and provide exceptional level of personalised service.

The **Sopa Serengeti Safari** visits Tarangire National Park which comes to life in the dry season with wildlife attracted to the waters of the Tarangire River, it also has a very varied birdlife.

The truly 'Out of Africa' **Elewana Safari by road** or **Elewana Sky Safari** also visits Tarangire National Park but with stays in some of the finest accommodation in Tanzania. On the Sky Safari guests travel in Elewana's Cessna Grand Caravan light aircraft with nine executive club class seats, with game drives and transfers in stylish safari cruisers.

Below are some of our tantalising Tanzania safaris.
